MEMORANDUM FOR THE RECORD

SUBJECT: DD/S&T/ORD Contract with [REDACTED]  
[REDACTED]

1. In a letter dated 15 March 1967, [REDACTED], human factors scientist with DD/S&T/ORD, solicited NPIC/TDS reactions to a technical proposal to investigate "Dichoptic Image Presentation as an Aid to Image Interpretation". The proposal was submitted to ORD through an Office of Naval Research cover channel by [REDACTED]. It involves applied visual research on perceptual phenomena resulting from the simultaneous stimulation of a subject's two eyes with dissimilar images. Principal investigator proposed on the program was [REDACTED]. Associate Professor of Psychology and former head of the human factors group at the [REDACTED]

2. Informal TDS concurrence of the subject research effort was relayed to [REDACTED] after determination of applicability to NPIC operations and of non-duplication of past or present TDS-sponsored work. Assurance was given by [REDACTED] that thorough and continuing coordination of this program with the NPIC Human Factors contract will be maintained. In fact, the consultation services of [REDACTED] were offered to TDS as they might become peripherally available from the ORD-guided task. The contract is currently being negotiated through [REDACTED] of ONR.
